

§ 1135.4

7 CFR Ch. X (1–1–04 Edition)

§ 1135.4 Plant.

See § 1000.4.

§ 1135.5 Distributing plant.

See § 1000.5.

§ 1135.6 Supply plant.

See § 1000.6.

§ 1135.7 Pool plant.

Pool Plant means a plant or unit of plants specified in paragraphs (a) through (e) of this section, but excluding a plant specified in paragraph (g) of this section. The pooling standards described in paragraphs (c) and (d) of this section are subject to modification pursuant to paragraph (f) of this section.

(a) A distributing plant, other than a plant qualified as a pool plant pursuant to paragraph (b) of this section or § _____7(b) of any other Federal milk order, from which during the month 25 percent or more of the total quantity of fluid milk products physically received at the plant (excluding concentrated milk received from another plant by agreement for other than Class I use) are disposed of as route disposition or are transferred in the form of packaged fluid milk products to other distributing plants. At least 25 percent of such route disposition and transfers must be to outlets in the marketing area.

(b) Any distributing plant located in the marketing area which during the month processed at least 25 percent of the total quantity of fluid milk products physically received at the plant (excluding concentrated milk received from another plant by agreement for other than Class I use) into ultra-pasteurized or aseptically-processed fluid milk products.

(c) A supply plant from which during the month the quantity of bulk fluid milk products transferred or diverted to plants described in paragraph (a) or (b) of this section is 35 percent or more of the total Grade A milk received at the plant from dairy farmers (except dairy farmers described in § 1135.12(b)) and handlers described in § 1000.9(c) and § 1135.11, including milk diverted by the plant operator, subject to the following conditions:

(1) A supply plant that has qualified as a pool plant during each of the immediately preceding months of September through February shall continue to so qualify in each of the following months of March through August unless the plant operator files a written request with the market administrator that such plant not be a pool plant, such nonpool status to be effective the first month following such request. A plant withdrawn from pool supply plant status may not be reinstated for any subsequent month of the March through July period unless it qualifies as a pool plant on the basis of milk shipments;

(2) A pool plant operator may include as qualifying shipments milk diverted to pool distributing plants pursuant to § 1135.13(c);

(3) Concentrated milk transferred from the supply plant to a distributing plant for an agreed-upon use other than Class I shall be excluded from the supply plant's shipments in computing the plant's shipping percentage; and

(4) No plant may qualify as a pool plant due to a reduction in the shipping percentage pursuant to paragraph (f) of this section unless it has been a pool supply plant during each of the immediately preceding 3 months.

(d) A milk manufacturing plant located within the marketing area that is operated by a cooperative association if, during the month or the immediately preceding 12-month period ending with the current month, 35% or more of such cooperative's member producer milk (and any producer milk of nonmembers and members of another cooperative association which may be marketed by the cooperative association) is physically received in the form of bulk fluid milk products (excluding concentrated milk transferred to a distributing plant for an agreed-upon use other than Class I) at plants specified in paragraph (a) or (b) of this section either directly from farms or by transfer from supply plants operated by the cooperative association and from plants of the cooperative association for which pool plant status has been requested under this paragraph subject to the following conditions:
